- o Overall manners and responsiveness of the horse in a smooth and correct way will be rewarded.

- o Horses shall be asked to show at a walk, trot and lope in both directions on the rail; extended walk, extended trot and extended lope are required in at least one direction. Horses will be required to back. Horses may be reversed at a walk or trot upon the request of the judges and specifically as directed by the ring stewards.
- o Rules of the class called for natural turnout of horse (no hoof black, braided/banded manes or tails, artificial tails); cowboy-like turnout of exhibitor; working equipment; and natural appearance of the horse from head to tail.

- o Each horse will work individually, performing both required and optional maneuvers, and scored on the basis of 0 to 100, with 70 denoting an average performance.
- o The required maneuvers will include the walk, jog, and lope both directions: and the extended jog and lope at least one direction; as well as stops, turn to change directions, and back.
- o Three optional maneuvers may include a side pass, turns of 360 or more, change of lead (simple or flying), walk, jog, or lope over a pole(s); or some reasonable combination of maneuvers that would be reasonable for a ranch horse to perform.
- o The maneuvers may be arranged in various combinations with final approval by the judge.
- o Pattern numbers listed on the class reference sheet refer to current AQHA Ranch Riding patterns. These can be found online at the AQHA's website.
- o The overall cadence and performance of the gaits should be with an emphasis on forward movement, free-flowing, and ground covering for all gaits. Transitions should be performed where designated, with smoothness and responsiveness.
- o No time limit.
- o One of the suggested 15 AQHA patterns may be used, however a judge may utilize a different pattern, if all required maneuvers are included plus 3 or more optional maneuvers are included.
- o Failure to perform a required maneuver will result in a horse placing below all other horses that perform all maneuvers.

- o Ranch reining class measures the ability of the ranch horse to perform basic handling maneuvers with a natural head carriage in a forward-looking manner. The ideal VRH ranch reining horse should have a natural ranch horse appearance from head to tail in each maneuver.

o Patterns are from AQHA website, Versatility Ranch Horse and Ranching Heritage Challenge ranch reining seven set patterns. The horse is judged on spins, circles, lead changes, rollbacks, sliding stops and backing.
